

360 Assurance

360 Assurance is an established provider of Internal Audit and Counter Fraud services within the NHS.

We have significant experience and expertise operating across all types of NHS organisation, including provider organisations, primary care and commissioning and ambulatory services. 360 Assurance works in partnership with you to provide a cost effective, quality driven service that helps you deliver your key priorities.

Internal Audit and Counter Fraud plans will be delivered by a team of qualified experienced NHS professionals including technical experts who possess many years NHS experience and are considered specialists in key areas of assurance.

Internal Audit

Our Internal Audit service is key to our clients' success, helping them to achieve their organisational objectives within the current changing and challenging environment. Ensuring that clients are able to identify key business risks and gain assurance that they are being managed effectively is a fundamental requirement to business success. Our outcome-focused methodology means that our clients' objectives are at the centre of everything we do. We deliver tailored business solutions that provide clients with independent assurance to protect business interests.

Drawing from a pool of highly skilled professionals, our clients always have access to specialists who know and understand their area of business and associated risks. This, together with our risk-based approach, ensures that we provide clients with the value-added audit service they need.

Counter Fraud

Our counter fraud team offers a service, tailored to our clients' needs. Our team members have extensive investigative experience ensuring we offer a high quality, cost effective service.

A client dedicated lead completes a fraud, bribery and corruption needs assessment and develops a tailored work programme to address the client's risk profile.

We deliver actions designed to embed a counter fraud, bribery and corruption environment within our client organisations, by conducting risk based work in the areas of deterrence, prevention, detection, investigation, sanction and redress. Our experience in these areas is vast. In the four year period ending 31 March 2012 alone, we:

We have an outstanding track record in our counter fraud, bribery and corruption approach, which we can bring to the benefit of organisations of all types. The quality of our work has been validated by assessment at national level in the NHS. Our performance far exceeds the average achieved throughout England and Wales. As a consequence of the quality of our service we receive excellent feedback in our customer satisfaction surveying and excellent testimonials from our clients.
